Short Reports:

• Walton Neighbourhood Plan Working Group

I have tried unsuccessfully to reach out to Sarah Richards, the lady from the public meeting in the church, but have not managed to speak to her. Anyone who knows her or her contact details, please do try to discuss joining the committee. I have not spoken yet to Sandra Gristock, who was the other named possibility.

There was a planning chap at the Mendip planning meeting about South Street. I wonder if he may be worth reaching out to? Other than that, I wonder if the chap who has the covenant on the house he recently bought may join. If anyone knows these two, or has any other ideas about who to contact to be on the working group,

- **Please brainstorm names and suggest how to contact them.**
- **Should we put a piece in the next newsletter? Should we do a flyer?**

In terms of what needs to be done, I have attached the current (ChatGPT generated via the Housing Needs Assessment) version. We have some text that can be inserted but it needs considerable refinement.

Regards John.

• Newsletter Routes

John and Jo Haydon have advised that they are no longer able to do the full route that they have been doing.

Therefore, their route has now been split into 2.

1. John and Jo are happy to do Main Street West from the Church to the end of the pavement on each side of the road.

2. New route – Whitley, the final bit of main street [past Whitley on North Side & after end of pavement on South side], Bramble Hill, Long lane and South Street up to Main Street.

<u>The complete routes are now:</u>

i. Badgers Green & Quarry Batch [Simon Loader]
ii. Meadow Lane & Small Moor Chase [John Harvey]
iii. Main Street East from Church plus Asney, Broughton and Oak. [Lian Hardware]
iv. Chancellors Rd, Close & South Close [Bob Collins]
v. Main West, Highfields & Creeches [John & Jo Haydon]
vi. South Street, Long Lane, Bramble Hill, Whitley and Final Western bit of Main Street [someone]
vii. Hempitts, Mildred Road & Foxlands [Richard Vowles]
